IDENTIFY CONCERNS

Members of the Ste. Genevieve Chapter of FCCLA do not have quick access to information, resources, and upcoming events. Students who are interested in the organization don't have a source to learn about the chapter and what we do.

SET A GOAL

My goal is to create an easily accessible website for chapter members and people interested in learning about FCCLA. The website should allow members to keep up to date on upcoming events. I hope that by using technology in a 1:1 school that more students will become interested in FCCLA.

ACT

I began collecting information for the website in September 2018 at our first event, the Region 6 Workshop. I continued to gather news articles, pictures, and quotes from members throughout the year. Finally, I published the website on January 23 for members to use.

FOLLOW UP

To follow up with my chapter website, I will assess how successful the website is by surveying members and accessing the visitor counter after it is published.
